

ECO GUIDE SHOE

The new ECO guide shoe is the first none lubricated fixed guide shoe, making it the most environmentally friendly guide shoe on the market.

The ECO guide shoe, with its specially formulated none frictional lining means that oiling guide rails is now a thing of the past, eliminating maintenance and pollution hazards.

The ECO guide shoe is the latest product to be added to our range of fixed and roller guides and are held on stock, available for next day delivery.

No requirement
for oil
